Re: Group Membership and associated fee, Policy #003

1. This policy applies to Organizations and Law Enforcement agencies. Membership under the terms of this policy allows for groups and agencies to use of the range facilities for group training and does not extend to an individual members use of the range.
2. Any organization utilizing the Manhattan Wildlife Association (MWA) facilities under the terms of this Policy, must reserve dates and times of use with the Secretary of MWA to insure there are not any conflicts. Under the terms of this policy range use is limited to pistol bays 3 through 9 and is scheduled as a single period for each bay requested. All use must be scheduled.

Amended 06-01-2015: "Individual training and instruction under the supervision of an instructor may be conducted on the range without scheduling when conducted on a single bay and not to exceed a reasonable period of time. This type of use would not be considered a part of the scheduled periods for the group."

Amended 06-01-2015: "Groups may purchase individual memberships where use of the range is more suited to individual training. Group training must be scheduled and covered by group fee or under MWA Policy #2, Range Use Fee Commercial & Nonprofit."
3.
 - A. The Basic group fee will be \$300.00 annually. The Basic membership will permit the group to schedule four periods of range bay use.
 - B. The Middle group fee will be \$1000.00 annually. The Middle membership will permit the group to schedule up to 15 periods of range bay use.
 - C. The High use group fee will be \$2,000.00 annually. The High use membership will permit the group to schedule up to 36 periods of range bay use.
4. Additional days of use will be considered in accordance with the Range use policy #0002. The fees will be assessed under the terms of those associated with being a member. Thus the use of a pistol bay would be \$75.00 for half day or \$150.00 for a 12 hour period.
5. Any group which has structures on the MWA range will be assessed a \$20.00 per month (\$240.00 per year) fee to help offset the utility and maintenance costs associated with these structures. This fee must be paid at the time of renewal of membership for the year.
6. As with all members of the MWA any other facilities which any of the above groups need to use will require the payment of fees associated with the time and use. This includes the club houses as there are normal expense associated with the upkeep and maintenance of these building which these membership fees do not cover.
7. Any violation of this policy, such as unauthorized use of the range by the group or an individual, will result in a review and possible suspension of the group membership privileges.
